## Erasmus+ Call for Proposals 2015

1. Name of university/institution/organization/company:  
**BULGARIAN ACADEMY OF SCIENCES** (Erasmus code: BG SOFIA30)  
A higher education institution which teaches at doctoral level.

2. Contact Person & Details:  
Tomina Galibova, MA  
Erasmus Coordinator  
1, 15 November Str.  
Sofia 1040  
BULGARIA  
Tel. (+359 2) 979 5387  
E-mail: [tominaglb@cu.bas.bg](mailto:tominaglb@cu.bas.bg)

3. Main field of activities of your institution:

Established back in 1869, the Bulgarian Academy of Sciences (BAS) includes 42 research units. The Academy is the nation's foremost scientific organization that conducts basic and applied research in all areas of science. It employs about 3000 scientists (lecturers) and about 2000 persons of administrative and technical staff. BAS also organizes training activities and participates in the formulation of the national policy for science and technology. It is the biggest doctoral school in the country with about 650 PhD students. It has its own publishing house and is the most important organizer of international scientific events in Bulgaria.

4. Previous international experience:

The Academy has bilateral agreements with scientific organizations in 45 countries (with The Israel Academy of Sciences and Humanities and Ben-Gurion University of the Negev among them) and such governmental organizations as WMO and UNESCO. BAS is a member of more than 20 international nongovernmental organizations. Erasmus+ Agreements amount to about 100, and they keep growing.

5. Information about the intended Erasmus+ project:

- a. Action: Credit Mobility
- b. Coordinator: Tomina Galibova
- c. Existing Partners:

6. Project description: incoming and outgoing mobilities Bulgaria-Israel in subject areas according to ISCED-F of UNESCO (International standard classification of education).

7. In which countries would you be interested in finding partners?  
Israel, USA, Japan, Brazil and others
