Internationalizing HEIs

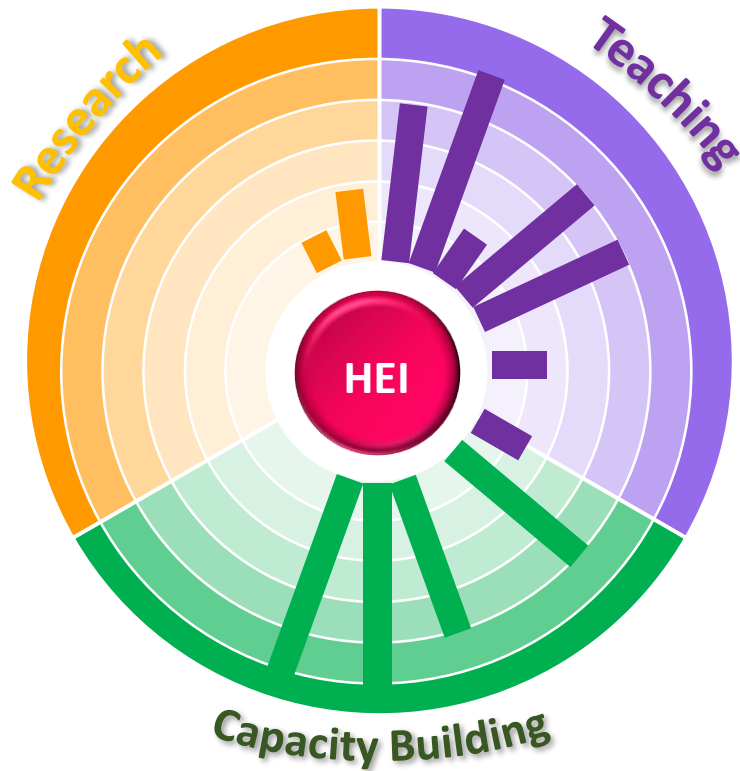

Erasmus+ Conference: 14.-15. June 2017

Our plan for today

Capacity Building: third pillar of internationalization

“Internationalization of HE is the process of integrating an international, intercultural, and/or global dimension into purpose, functions, teaching/learning, research, service delivery of higher education/tertiary education at institutional, regional, national, international level.”

Jane Knight

New institutional structures to improve internationalization and teaching

Innovative Technology In Teaching

Developing the capacities to strengthen the third mission of HEI

Industry-academia cooperation

Where are we today?

Almost **10** Years
of Activity

29 Projects

14 Israeli
Coordinators

11 National
Projects

Where are we today?

Capacity Building Structure

- ✓ Implementation
- ✓ QA
- ✓ Impact
- ✓ Sustainability

Work plan

2-3 Years

Budget

Monitoring &
reports

Capacity Building **Reality**

Tempus/CB Projects

- ✓ Hours and hours of work
- ✓ Personal Impact and experience
- ✓ Strong Partnerships
- ✓ Highly Valuable results
- ✓ A new project proposal

Why organizing **Cluster meetings**?

In EU language:

- Visibility
- Exploitation
- Sustainability
- Impact

- The relevant people know your project results
- Other departments and institutions have a good chance to profit from your efforts
- From EU funded project to institutional benefit
- Concrete improvement of your and your colleagues work

Synergy

What does “synergy between the projects” really mean?

- Learn from each other about management: “why do double the work if you can learn from someone else?”

- Develop results jointly if you have connected objectives

- Work jointly if you want to engage the same people:
“make your case together”

Cluster #1 Implementation

What guidance/ knowhow are you missing to improve the implementation/start of your project?

Our plan for today
